PHYSICAL CONNECTION TEST

1. Types of mediums ?

Radio frequency — wireless Radio
 Electronic frequency — UTP cable (Copper)
 Light signal — FOC (Fiber optic cable)

2. Write down switch 8-pins ?

	(T568B Colour order)		(T568A Colour order)
1	+T		
2	-T	+R	WGr
3	+R	-R	G
4	+V	+T	W0
5	-V	+V	B
6	-R	-V	WB
7	-	-T	0
8	-	-	WB
			B

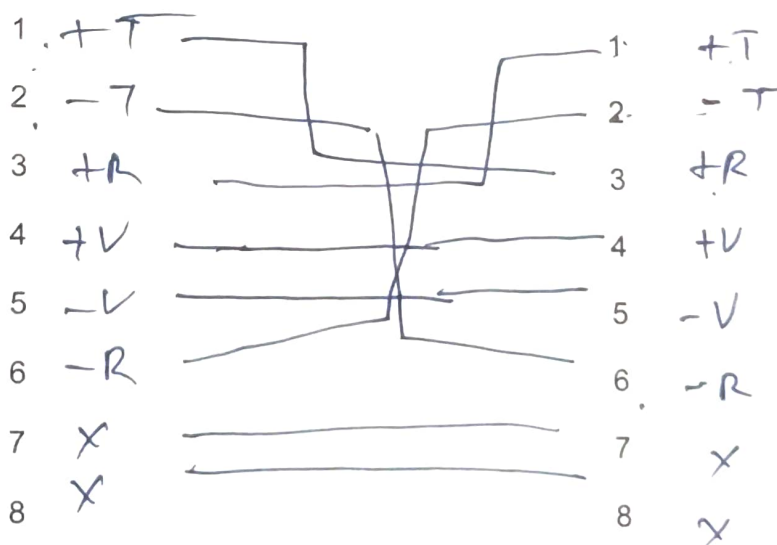

3. Connect utp cable between two devices

Router.

PC

T — Transmitter
 R — Receiver
 V — Voltage

4, Explain AUTO MDIX ?

Auto MDIX (method of Dependent of interface with crossover) is an Ethernet port configuration that reverse the transmit and receive on n/w devices.

5, Explain POE injector ?

POE is called power over Ethernet. It is used to Electric and Data to transmit and receive the packets.

6, Explain POE switch ?

X

7, Explain types of nic & function ?

MC
NIC

* Network interface card

* It contains IP and Mac

Function

* It Converts Binary to Electrical
↓
Electrical to Binary.
